

# BE CERTAIN FROM THE START TO ENSURE BEVERAGE FLAVOR

Next-day *Alicyclobacillus* and Guaiacol Results with GENE-UP® PRO ACB

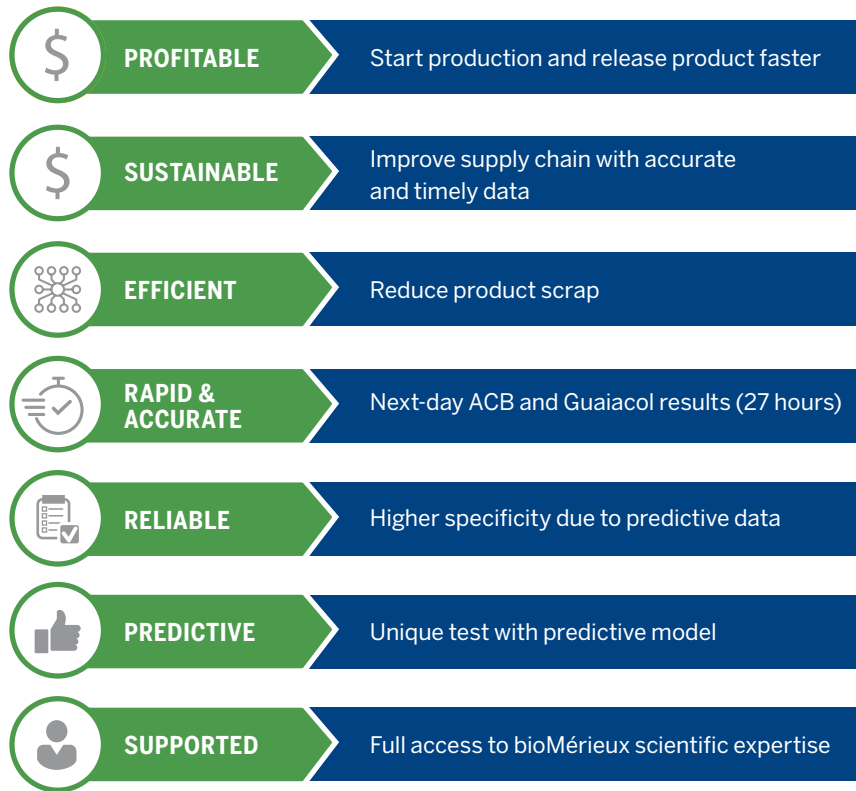

PIONEERING DIAGNOSTICS

# Reduce risk and release fast with GENE-UP® PRO ACB

## HARNESS THE PREDICTIVE POWER OF GENE-UP® PRO ACB

GENE-UP® PRO ACB assay from bioMérieux predicts the presence of guaiacol – the metabolite that causes spoilage and off-flavors in beverages. Now with one single test, you can simultaneously screen raw ingredients and finished product for *Alicyclobacillus* spp. and guaiacol production. This truly predictive assay reduces time-to-result and allows you to release product faster with the confidence it will retain the taste your consumers expect.

## BENEFITS OF GENE-UP PRO ACB
